ADDENDUM TO DENTAL RELEASE

We now have available **Oravet** a dental sealant recommended by board certified veterinary dentists. Oravet Seal is applied after your pet's teeth cleaning and provides a barrier to plaque and tartar for 45 days. The cost is \$12.00 per cartridge (an average dog takes 2 cartridges).

Would you like Oravet Seal applied to your pet's teeth?

YES NO

To provide continuous protection against dental disease, we recommend applying Oravet Seal once a week beginning one week after your pet's dental.

A package of Oravet Seal costs \$24.80
